### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The prior art on record neither teaches nor fairly suggest the treatment of relapsed lymphoma and leukemia using liposomal vincristine in combination with Rituximab or I 131. The only rejection which could have been made was an obviousness-type double patenting and this was not made in view of the terminal disclaimer which has already been filed by applicant..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
